<b>Other Features</b>	Lite is the most compact pochade for the unique and patented EASyL design: pochade box combined with panel carriers. Our Carry-On Bag accommodates this box plus your other gear inside the bag; alternatively it can be tugged in your own backpack.	Pro is the mid size pochade, with 11x14 inches of palette, equal to an indoor studio wood palette, good for both indoor and outdoor purposes, one box for two functions. Its wet panel carriers can take up to 11 x 14 inches of panels from 8x10.	Versa is the most versatile pochade in the range. The 12 x 16 inches palette, largest pochade box you can find in the market. The ideal easel with largest palette size and most flexible wet panel carrying capacity. The name says it, versatile for applications in oil, watercolor or pastel with optional grid separator.	Mini, the most compact box in the Classic model range. Because of its slimline format, it can be easily tugged into a carry-on bag or backpack. Ideal for traveling and hiking. The 10 x 12 palette size is suitable for the outdoor painters using limited colors, while still capable for artists paint panels/canvasses up to 16" in height.	The mid size box has a much larger palette size than the Mini, 12x16 inches, large enough for both beginners and experienced artists for dual purposes in both outdoor and studio painting occasions. It holds a working panel up to 20" high.	The box has the palette size of 14 x 18 inches, it is the largest of all, provides such ample space for laying out pre-mixed colors following the temperature gradation and value scale. Ideal for artists who want to work on large canvas or panels.

**Remarks**

- (1) Nominal size. The actual palette sizes vary slightly depending on wood thickness of the walls on each production run.
