

# ProChade Kit

The essential pochade box for the traveling artist.

EASYL

The first plein air easel designed to make the artist's dream come true: travel and paint without heavy and burdensome equipment.

The ProChade is a professional pochade box. The Kit includes a ProChade box, palette extension board, dry box, carry-on bag, and other necessary supplies.

The ProChade easel box together with a tripod is a revolutionary design incorporating many unique features, such as an adaptive panel holder to suit variable panel sizes, an easy-to-use knob and sliding hinge for panel angle adjustment, and a detachable palette extension board which provides additional color mixing area or can be used as a handheld palette... Almost a year of research and design has resulted in an ideal travel painting kit with a total weight of under 10 pounds.

The ProChade easel box is endorsed and signed by Kevin D. Macpherson. Artwork Essentials is much indebted to him for his generous advice, and innovative ideas to help this kit become the success that it is. Kevin D. Macpherson is a renowned plein air artist who has painted for more than twenty years, has won numerous major awards and is the author/artist for the books *Fill Your Oil Paintings with Light and Color* (1996), and *Reflections on a Pond* (2005).

## Features:

- Easy to set up in minutes.
- Compact and lightweight. (Total 4.5 lbs for easel and tripod).
- Quick panel adjustment mechanism.
- Palette extension provides additional color mixing space
- Adaptive panel support holds panel height from 6" up to 10". No width limit.
- Complete accessories included. ( see list on the right )
- Sturdy tripod with max height 63.5" suitable even for the tallest artist. Two Quick Release plates for quick and easy easel box mounting. Individually adjustable legs suit any uneven ground. Universal tripod pan head for easy tilting, great for avoiding sunlight. Tripod comes with a nylon carry bag.
- Four large compartment plus eight pocket carry-on bag provides ample storage, convenience, easy-to-organize all-in-one solution for the artist "on the go", carries all supplies in a single bag for traveling; complies to FAA guidelines.
- Large padded brush wallet holds 8 extra-long brushes.
- ProChade box and dry box are made of Walnut; the hardest and finest wood for making the best quality easel and palette. Metal parts are made of solid brass.
